SPRING CHALLENGE 2018

- ✚ School begins promptly at 8:55 am each day
 - Students should plan to be at school ready to go at 8:45 am
 - *Students should not be on school grounds before 8:40 am*

I know that our parking lot is busy, and we all have “those days” but it is critically important that your child(ren) begin their day with a smooth transition to the classroom and to their learning.

Being late causes anxiety, stress and can be disruptive to the learning of all.

This Spring, we are working towards an optimal start to the school day for all students. We would ask that you help your child have the best start to their day by ensuring that they have a morning plan that allows them to be here on time so that they are ready to engage in the learning environment!

Every minute counts!
